INNOVATION, EFFICIENCY AND QUALITY

A high standard of beverage dispensing for an easy and comfortable experience, ideal for hotels, restaurants and canteens.

- **Uses fruit concentrates:** the bag-in-boxes (4 x 4 kg or 3x7kg) are placed directly in the machine, under the quick opening lid and can be easily connected.
- **High quality** products to maximise service **efficiency** and **reduce costs**.
- **Automatic cleaning system** for less staff effort.
- **Maximum energy efficiency:** the dispenser cools the drink and saves 80% of energy compared to systems that cool continuously.
- Programmable mixing.
- Simplified installation.
- Safety valve on water inlet.
- Cooling can be maintained at the end of the service by stopping the drink delivery.
- Predisposition for connection to water mains or water tank.
- Interchangeable product labels.
- On request: Control software for statistics and remote intervention - Wi-Fi/Bluetooth
